

PEAK is the sole charter school in Flagstaff designated with a School-Wide Title I Program, based on the low socioeconomic level of the students attending there. Currently over 75% of students qualify for free and reduced lunch by National School Lunch Program guidelines. We also serve a diverse ethnic population, with over 80% of our students coming to us with Hispanic, Native American, and African American heritage. The students we serve at PEAK often come to us with academic deficits requiring innovative teaching and academic Response to Intervention services to give these students the support they need to be successful.
